Any assistance required in adding new fields is included for clients with annual support, contact us at BAACsupport@comcast.net or call us at 800-457-9326 for this assistance.

Version/Date	Change Description	New Fields
4/30/12	Corrected Issue when adding a Non Member Individual	
4/24/12	Improvement to Net Event Attendee adds and Receipts	
4/9/12	Added New Field for entering credits for sales tax in the event a state has credit allowances, also added a note field to add when viewing sales tax liabilities to pay and record.	Non, used existing non used fields
	Modified Sales Tax Report when paying sales tax to not include the sales tax paid for Gross Sales. No issues with data, just a formula change on the report.	
	When printing checks, added the account information in section 2/3 of voucher checks, added capability to also include paychecks when printing checks in a batch.	
	Added a memo when auto billing "Repeat" invoices to alert the user that the invoice listed came from a completed invoice that is scheduled to repeat.	
	Corrected Issue with Auto Billing, the include date range of membership on the invoice option did not work, it included dates regardless of the setting	
3/28/12	Corrected View Payments for Major Event Billing Statement. In the unlikely event 2 payments for the same amount from the same person , same payment type and on the same day was received, it would only show one, not both.	
	Hidden form was appearing when closing a Network Event	
3/9/12	Correct General Journal Entry when moving from an expense account to an income account, it applied negatives for both credits and debits in the P & L report.	
3/4/12	Corrected Issue of Copy Major Event, needed to modify this procedure as a result of linking Calendar of Events with Major Events	
2/27/12	Corrected make deposits when one or more where checked for deposit, and then one was voided. This caused the deposit to not be properly grouped in the related register.	
	Fixed Event Eval Summary Total Outstanding Calculation	
2/15/12	New Reports/Exports on Closed Invoices form. Improved Budget/Actual Monthly Forms/Reports/Export	
2/14/12	Added new report All Payment History for Members only	
	1099 Prompt to view summary or detail was not updated.	
2/9/12	Added total count numbers for open/paid invoice reports	
	Added another 1099 Report showing the detail of the source for the amounts.	
	Improved the 1099 Reporting by adding a 1009 checkbox to Chart of Accounts to augment the Contact 1099 Required. This will allow the user to only denote certain accounts as applying to the 1099.	
1/17/12	Added a new "View Less Detail" for Calendar of Events. Added an Expanded Memo field for Invoice Items.	
1/5/12	Added New 1099 Report, contact now has a checkbox if they should receive a 1099, report then displays a sum of all monies paid by date range.	

1/4/12	Added Major Event Summary form to view a snapshot of all Events	3 new fields in tblActivities
	Added Major Event Evaluation Templates and Feedback Recording. Now ask your participants how you did so you can constantly improve your performance	2 new tables
	Added Integration of Major Events to Calendar of Events, now easily update your calendar from the event detail page.	
	Resolved the issue with Auto Billing for Other Annual Fees. The issue being when the member was an individual with Billing to Others being a business, the amount was not being added to the correct contact. This had no impact with regular auto dues invoicing.	
	Added a new error check with Auto Billing to include possible setup errors for Pay Plan Members (more than 1/yr) for Annuity Billing	
	Modified Main Menu to better serve the user with most used options	
11/04/11	2 new Reports, Reports A-Deposits by Payment Type and Date Range. Reports B-Invoices Past Due >30 days	
10/12/11	Modified Reports to view a net negative deposit in the rare occasion where a refund is given for a credit card transaction that results in a total net negative on credit card receipts for the day. Also needed to modify reconcile actions to view any net negative deposits.	
	Added the ability to apply a discount to Work Orders that is also applied to invoices when created	Apply Discount, Discount Amount, Discount Account in tblWO_MstrClient
10/10/11	Corrected Minor issues when creating a new Client Work Order and then creating an invoice for that new work order	
	Modified Merging older invoices to newer invoices to account for the 2nd and later merges.	
	Added an action for Client Work Orders to delete the work order. Available on the Main Menu and Work Order Detail. Deletions are not allowed if Payments have been received or a Vendor Paid.	
9/20/11	Added new function to create Client Work Orders with a few clicks. SB now has both an internal (your organization) and a client Work Order System. Functions were integrated to the existing finance as well to create invoices and receive payments as well as create bills when an outside vendor/contractor is used to complete the job. In addition, the Main Menu was modified to allow a default view of either current open Work Orders (Jobs) or Contact Management (Current Active Clients)	TblWO_MstrClient tblWOstatus
	Modified Copy Major Event to carry over Zero values for net income and expense, these values should not be copied for the next event.	
	Modified View Splits for a Bill Payment, incorrectly showed Major Event if applicable for the entire bill, Major Event if applicable is assigned to the Bill Item.	

8/08/11	Added new capability to receive payments for a Networking Event from Misc. Credits. Function will alert the user when entering Payment from if the attendee has enough misc credits to cover the costs. It will first look at the business first, then look to see if the individual has any misc credits. It will automatically update the credit log used portion with the amount billed make a note of the event/date/attendee.	
	Modified Prospect/Member follow-up application so that when running prospect or member follow-up reports by date range that you have an option to either show only the logged notes for the requested date range OR all notes for that contact last contacted in the requested date range.	
	Added Contact Type to communication logs, user can now indicate whether the contact made was phone, email, visit or any type the user desires.	
	In Reports A, Added new Invoice Paid reports, current report only shows paid in full, new report includes partial payments and options for by date, by name or by account	
	Added new capability to Backup and Restore Data that will alert the user if the program is in use. If the program is in use the backup appears to have been successful but in fact the backup never occurs if the data file is in use.	
	Corrected Void credit card transaction in the register, it was not updating the invoice item paid amount which in turn would result in an error when receiving the payment later.	
	Added a new change log record anytime a new contact is added or an existing non member is updated to member status.	
	No longer allow editing a prospect/member follow up record if the contact has an e-Chamber ID. These records must be updated in e-Chamber and will then update the prospect/member follow up database	
	Modified Member/Prospect Follow up report for calls made with notes by date range. Now shows all notes and eliminated a false record when a Prospect ID not in e-Chamber matched an e-Chamber existing ID.	
6/15/11	Add a report of Click Thru's, current members only, Reports A, Membership Reports	
	Allow Merging an older invoice to a new invoice for same customer/client, function added to Open Invoices form. Option when Pay Plan members fail to pay and user desires just one invoice.	
	Option to add Renewal Date Range to auto billing invoices	
	Copy Budget process to Reports A, Finance Reports, allows running these reports with P/L	
	Add Paid Date when paying liabilities	
	Copy chart of account reports to Reports A, Finance Reports	
	Link to Paycheck Detail from Income Register	

5/26/11	Prepared the program for new Social Networking Links for Facebook, Twitter, LinkedIn and Blog url's. Planned directory listing programming scheduled for Mid June 2011. User will have the ability to turn off this link should it be desired to apply a fee to members to post. The planned programming will have an icon for each to the right of the "Click Here for Website"	8 new fields for the 4 url's
	Added totals for Payroll Liabilities on the Payroll summary report by date range.	
	Corrected the contact person for members by billing address to be the Billing Attn. It was the primary that is not correct for billing address labels.	
5/16/11	Correct double listings on some financial reports when Major Event Billings were paid by Credit Card	
	Adjusted Auto Billing for Monthly Payment Plan Customers when Anniversary Date fell on the $29^{th}/30^{th}/31^{st}$. This caused a problem when Feb billings cam due.	
5/9/11	Added a link on Contact Detail Sponsor/Honor Tab to the Maintain Sales rep form where reports and exports are easily available.	
	Add new form to view Referral Sources from Contact Detail Sponsor/Honor Tab, also provides reports and exports for a single selected source or all source.	
5/3/11	For a general search it now also looks at phone and fax number	
	Corrected report for members not attending network events, if the business they represented was not in the database, it assumed they did not attend which is incorrect.	
	Added email address on the Members by Sales Reps reports.	
	On add new business, if no primary name was entered it would create an empty individual record, this has been corrected.	
	Fixed Cat 1 on add new member, if selected and then deleted, would add a credit if charging for more than one category. Invoice creating was not affected.	
4/27/11	Added an Activity Report on the Financial History tab that provides a snapshot report of all the records on the History tab.	
	Added a credit tracking log, this is now available next to the Misc Credit amount on the Business info tab. Prior to this misc credits had to be manually managed. Now you can classify the credit and track if the credit has been given. This has also been integrated into the auto billing routine to have access to the credit log when creating renewal billing and giving a credit. The credit log includes the ability to assign another member if the credit is for referring a new member. A report of the last 12 months for all credits is also included.	Added a credit tracking log
	Modified the "Set Billing to Mailing" function on Contact detail, it was not putting a dash after the area code for phone/fax.	
	Added an Alert message when Canceling a client or setting Active or Customer Checkboxes to off, the alert provides a message IF any contact is assigned to a group, board or committee and to remove if required.	
	Reset To Pay checkboxes for payroll liabilities if in fact they were not paid when opening "Pay Liabilities".	

3/16/11	Inventory Improvements. Modified Inv detail Sale Item box for Account Selection and Include Tax rounding calculation. Inventory Location Selection was not the correct field. Keyword fields on Master list now selection boxes. Fixed Inventory Audit Report.	
	Equipment List Improvements. Modified Equipment Audit Report to include equipment with no keyword assignments. Made Keyword selectable on Equipment Master List.	
	Master Contact List, Corrected default contact type for Individuals for new quick entry records, was business which made the user also select this as individual.	
2/18/11	Added a new function in Reports B, Contacts with emails to include viewing new emails and changed emails. When opening the email change form, the records are sorted by date modified or added in descending order. The ability then exists to filter this form by date range, members only and/or newsletter only. Export is then available. The intent is to provide information on new/modified email addresses for easier update of email marketing programs like constant contact.	
	Added Scroll bars to event descriptions in both calendar of events and member happenings	
	Change date for an archived network event did not work and is now operational.	
2/18/11	Modified Reports A, Financial Reports, Overdue Invoices All and Overdue Invoices Member Renewals. The detail was not taking into account sales tax amounts in the total billed amount.	
2/1/11	Add 2 reports for General Journal Entries, Debit Accounts by Date Range and Credit Accounts by Date Range	
01/22/11	Corrected Deposits by Date Range report IF partial payments included both credit card and checks/cash.	
01/14/11	Added capability when viewing Employee list that double clicking any field will also open the detail record for that employee.	
	Fixed Employee Detail from Review Paychecks just prior to creating the paychecks, if you viewed the employee detail it would cancel the create paycheck process and you would need to do it again.	
	Added Feature that when printing a payroll check from the register, it will display withholding numbers.	
01/12/11	Modified Open Invoices by Date Due in Reports B. This report is grouped by Account, if partial payments were made with multiple item invoices, it would appear they were still unpaid for that specific account.	
	Created New Reports for Members by Date Paid (New/Renewing), Members by Sales Rep, Members with missing website addresses, Reports B, Member Mailing address reports	
01/06/11	Improved Account Totals by Date by indicating for Journal Entries what account it came from or went to.	
	Fixed issue of Journal entries appearing in the Debits by Date Range Report
